

BOOKS AND MORE BOOKS— Pat Phillips is shown here stacking some of the many thousands of textbooks being prepared for distribution to the various Dickinson school campuses. Constant revision of old books and publication of new ones make the acquisition and distribution of textbooks quite a job each summer. Current, up-to-date textbooks for students are necessary for effective teaching.

NEW STUDENT REGISTERS — Will Hofheinz is shown above as he registers a new student for this fall. Johnny Farrar will be a student in the Junior High School at Dickinson. Shown also are Mrs. J.M. Farrar and her younger son, Greg. Principals and counselors are in their offices each day in the Junior and Senior High Schools and all students new to the district are requested to come by and register before the opening of school.
