

OCTOBER 12, 1930.

STUDENT
EDITORIAL.

The following editorial was written by Doris Deais, Dickinson High School student, and because it is timely we are printing it: "The Dickinson Community Club has, for the first time, attempted to undertake a thing which I think our town has needed for many years. This is Clean-up Day. In my estimation, this is going to prove to be a rather large undertaking but can be accomplished through the cooperation of every citizen of Dickinson. This is an improvement which will give a much better appearance to the town, and one that will cost very little.

"If everyone would try to make his home or place of business the neatest spot in town, I am sure that Dickinson could be the cleanest, most attractive spot in Texas."
