A college education costs money and you're ahead if you can put some money into a savings account at Guaranty Federal Savings while you're in high school.

Join the hundreds of students who have opened passbook savings accounts and add to them monthly from money earned at regular jobs during the school year or during the Summer.

We'll be glad to show you how to open a savings account . . . it takes only a few minutes. Your money earns interest, is insured by the F.S.L.I.C., and is available at any time.
