BY SHORTY YARBROUGH

Over in District 60-B. where the other Galveston County teams play six-man football, it looks like that the La Marque Indians have the best chance to win their district. From reports received so far it seems like Sweeney, Pearland, and La Marque are the teams to beat and we are going to string along with Coach John Hardy's Indians to win the district this year and bring the Indians their first district championship. Sweeney for the second spot and Pearland third is our top pick with League City fourth, Dickinson fifth, Danbury sixth, Friendswood seventh and the Santa Fe Indians in the cellar. At this time it seems that the first four teams are pretty evenly matched with the last four teams quite a bit stronger than the other four clubs.
