Eighth Grade

And the band played on!

Are these students really eager to get back to class?

The clock says we're just getting started.

This is where you don't mind taking it when it's dished out to you.

Activities Section

Refreshments, fun, dancing and laughter prevailed at the Junior High Party.

Ninth Grade Class Favorites

Judy Wilson

Judy, whose first love is hamburgers and hotdogs, is one of our most active cheerleaders. Judy has a vibrant personality and is liked by everyone. Judy likes all types of sports and she selects English and Algebra as her favorite subjects. Judy plans to go to college and become a teacher or a stenographer. Congratulations and best of luck, Judy.

Vic Malin

Vic is one of our most dependable athletes. He plays football, basketball, and participates in track events. His ready smile and courteous disposition towards others win him many friends. Vic likes to swim and fish when on vacation and sometimes play golf. He plans to go to college and become a physical education teacher. Best wishes for success to you, Vic.

Eighth Grade Class Favorites

Douglas Culver

Doug, who plays both football and basketball on the eighth grade teams, happens to be about as friendly as anyone you can find. Always smiling, Doug's brown eyes twinkle with merriment. Doug's ambition is to become a jet pilot and he loves books about the jet air age. Hope you reach your goals, Doug.

Marilyn Simpson

Brown hair, blue eyes and a smiling personality are the characteristics for which Marilyn is best known. Marilyn, who consistently attains recognition on the "A" Honor Roll, plans to continue her education in college after graduation from high school. Marilyn likes books that are funny to read, spaghetti to eat and her favorite subject is math. We wish you the best, Marilyn.

Seventh Grade Class Favorites

Glenda Anderson

Glenda Anderson, who likes steak, Texas Geography, and the Dick Clark Show, is one of the most personable students on our campus. Glenda is a member of the Junior High Band, playing a clarinet, and has been attending school in Dickinson some four years. Glenda plans to go to college and become an elementary school teacher. Glenda loves fiction stories and horses. Best of luck, Glenda.

Don Keast

Don, a thirteen year old, "A" Honor Roll student, was selected by his classmates as favorite because of his many outstanding attributes. Don, who is also a Boy Scout, is always willing to help out in whatever task he is called on to perform. Don plans to go to college when he graduates and is interested in science. Don's favorite food is fried chicken and he likes to read science fiction and mystery stories. Congratulations, Don.

President
CARMEN SHEPHERD

Carmen, who is not only President of the Student Council, but also one of our cheerleaders, has consistently maintained a high scholastic standing and set many fine examples of school citizenship.

Student Council

Vice-President
BARBARA HARRISON

Barbara, an eighth grader, is an "A" Honor Roll student and has also demonstrated excellent leadership in her post as Vice-President of the Student Council.

STUDENT COUNCIL REPRESENTATIVES

Left to right: Cissie Lobit (7th grade), Jim Thorson (7th grade), Barbara Harrison (8th grade), Carmen Shepherd (9th grade), Eddie Morris (9th grade), and Eddie Schulze (8th grade).

This group of industrious students is gaining valuable experience serving as library assistants to Mrs. Moses.

Co-Editors of this year's Junior High Section of the Gator, Eddie Morris, Susan Hopps and Dana Moore work with the sponsor, Mr. Crocker.

Cheerleaders

MARIAN SIMPSON

JUDY ANDERSON

PAULA WHATLEY

CARMEN SHEPHERD

JUDY WILSON

YEA, TEAM, FIGHT!

YA'LL YELL, NOW!

Our Junior High Football Team, coached by Coach Whatley, Coach Schroder, Coach McLerran, and Coach Bullard, and sparked by Co-Captains Daurice Marsh and Theodore Rios, gave us some real football thrills during this year's season.

DAURICE MARSH
Co-Captain

THEODORE RIOS
Co-Captain

Seventh Grade Football Team

Under the direction of Coach Phillips and Coach Dismukes, our Seventh Grade Football Team has given indication of stamina and loyalty that makes our entire Junior High student body proud of each and every one of them.

**Football Sweetheart
Mary Ann Weaver**

and her attendants, Marilyn Hall and Paula
Whatley, runners-up, with Jack Horne, Teodore
Rios and Daurice Marsh, football captains.

Head Twirler Carol Connett

and Twirlers Kay Hayes, Judy Pate, Patricia Ellis,
and Patricia Coers.

The Dickinson Junior High School Band, under the direction of Mr. Fred Webster, has come a long way in its progress towards perfection. Improved marching techniques and band concerts are among its many achievements.

These are the Twirlers that spark our band to spectacular marching ability.

Head Twirler Carol Connert and Twirlers Patricia Ellis, Kay Hayes, and Judy Pate and Patricia Coers.

Scenes taken from various phases of school life— Science experiments, assembly programs, literature projects, playground activities.

The girls in Mrs. Weinert's gym classes give illustrations of pyramids and forward angels.

The girls below illustrate the archway, the pyramid and thigh-balance.

The auditorium plays a very important role in the lives of students. It is here that they have the opportunities to exhibit talent that may one day lead to careers on the stage, as orators, or as politicians. The auditorium is the entertainment center of the campus.

Here are examples of entertainment found in our auditorium. A wounded Indian is treated kindly by early Pilgrims.

One of America's early Thanksgiving Dinners is portrayed by some students prior to Thanksgiving holidays.

These proud-looking boys have just been presented with their "D" Awards for outstanding participation and Athletic ability in football.

Below, these boys have received their "D" Certificates indicative of perseverance and determination on the football squad.

Christmas Assembly

Little Black Sambo refused to give Goldilocks and Snow White the Christmas tree in a skit entitled "The Christmas Tree."

Maybelle really sings out on "Wincer Wonderland."

This serious looking lad, Marilon Hall, is remembering that it is "Jest Fore Christmas"

The Grand Finale, including everything from chipmunks to pianists.

These are atoms?

Caught amid simulated atom structures and laboratory experiments, the students exhibit a stepped up interest in our stepped up science program.

Watch it! That test tube is hot.

Of course, every experiment isn't successful, but it's sure fun trying.

This class of ninth graders finds time for some English review.

Individual help comes in Mr. LaFleur's math classes.

Mr. Hofheinz and Carmen Shepherd prepare to make the daily morning announcements from the public address room.

Mr. Broussard is receiving the key to new driver training car from Mr. Bill Dale, representing the McRee Motor Sales Company. We are ever grateful to this fine company for making such an automobile available for our driver training classes.

Mr. Schroder's Texas History Class takes time out to pose. Everyone looks at the birdie.

Fire drill's over - the building didn't burn.

Mr. Hill, Mr. Taylor and Mr. Sirman certainly do look serious. Wonder if it could be the sun?

Eddie, don't just stand there, catch the bus.

What! Another fire drill!

Horses and Pyramids!

Horses and girls!

Elven

Mrs. Moses, are these girls really working?

Chow Hounds!

Tree Lover

Snooping again, Eddie?
Or does Dana's typing
fascinate you?

We think Mazilon
just proposed to
Judy.

Don't look so scornful, Susan, even teachers relax sometimes.

Don't they make
a lovely couple?

What other school do you know that has a decorated cafeteria?

There is always at least one wall flower.

And then there are those that just stand and talk.

Even amid scenes of pleasure, there are those students who seek diligently for knowledge. We salute you.

The latest styles in Junior High fashions.

Fun, Huh?
