An abstract geometric design on a white background. It features several thin black lines that form a series of sharp, upward-pointing peaks, resembling a stylized mountain range or a jagged line graph. Interspersed among these lines are five solid black diamonds of varying sizes. The word "FEATURES" is printed in a bold, dark brown, sans-serif font, positioned horizontally across the middle of the composition. The entire design is contained within a rectangular frame that appears to be the cover of a book or a page from a notebook, with a visible binding edge on the left.

Mr. And Miss Dickinson Junior High School
Douglass Culver Marilyn Simpson

Doug is one of the most congenial students in our school. He has played on our football team, contributing to the over-all success of the athletic program, and is also a member of the basketball team. Doug maintains that his favorite food is meatballs and spaghetti, and his ambition is to become a jet pilot. Doug is a good school citizen and is well liked by all his associates. His quick smile and ready laugh make his personality one to be coveted. We wish you success, Doug, and hope that one day you will realize your ambition, zooming across the wild blue yonder in a modern jet.

Marilyn, who has one of the most pleasing personalities in junior high, is a blonde, blue-eyed A Honor Roll student. Marilyn's ambition is a college education, culminating with a career in teaching. Her favorite food, at the present, is hamburgers, and she is a avid swimmer. She is assistant chief editor of the "Gator" yearbook staff, and is also an excellent school citizen who conscientiously endeavors to obey and live up to all the rules and standards of a good student. We salute you, Marilyn, and wish you success and happiness in all your future endeavors.
