Going to college is a leap into the unknown. COLLEGE OF THE MAINLAND can help make it the best move of your young life.

There are many reasons for choosing College of the Mainland. One of the most important is its dedication to students as INDIVIDUALS. At COM, there is a close relationship between students and instructors which is not an accidental happening. It is planned that way, with small classes, personal conferences, open-door office hours, and shared extra-curricular activities.

College of the Mainland also offers:

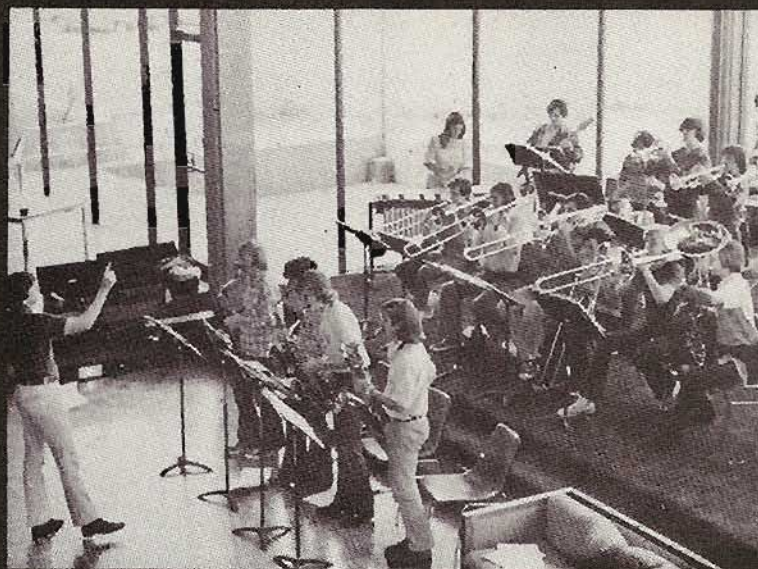

- a wide selection of academic programs (transferable to senior institutions) as well as technical-vocational programs
- a modern campus, with up-to-date facilities
- a highly-qualified faculty, drawn from all parts of the country (all have advanced degrees and a thorough competence in their fields)
- low tuition (\$4.00 per semester hour)
- a comprehensive program of Financial Aid and Scholarship

Why not call the Admissions Office, 938-1211, Ext. 264, for more detailed information about what College of the Mainland can offer you. Or better still, drop by for a visit. You may choose to stay.

A student in the Division of Business receives individualized instruction; right—a view of the Learning Resources Center, one of College of the Mainland's striking contemporary buildings. The campus, one of the most modern in the southwest, also in-

cludes an Administration Building, College Center, Fine Arts Building, Physical Education Complex, Math-Science Building and Technical-Vocational Building.

We grasped each experience and lived it to the best of our ability, and did not turn back for regrets. So, each accomplishment, whether large or small, was a step ahead.

We laughed; we
cried. We won; we
lost. We worked; we
played. Together
we made the year
what it was.

Thanks —

In Memory of Wes Frizzell

I've been lately thinking about my life style
All the things I've done, and how it's been
And I can't help believin' in my own mind,
I know I'm gonna hate to see it end.
I've seen a lot of sunshine - slept out in the rain
Spent a night or two all on my own.
And I've known my lady's pleasures - had myself some friends
And spent a time or two in my own home.
I have to say it now, it's been a good life on and off;
It's really fine to have a chance to hang around
To lie there by the fire and watch the evening tire
While all my friends and my ole' lady sit and pass the pipe around.
And talk of Poems, and Prayers and Promises
And things that we believe in.
How sweet it is to love someone, how right it is to care
And how long it's been since yesterday.
What about tomorrow? What about our
Dreams and all the memories we've shared . . .
