Photographers view school through lenses

"I need two action pictures of the twirlers." "Where are my photos of the Senior Play?" "Are there any more new pages in the contact book?" These are some of the problems that can only be solved by photographers. It wasn't easy being a photographer this year. The staffs were always asking them to develop pictures so that they could meet their deadlines. Taking pictures before and after school was a time-consuming task, and getting around the darkroom was sometimes confusing, but the photographers snapped and clicked thousands of pictures to save the memories.

Student Council plans school activities

The Student Council was the major support of the school activities. They planned and organized events for the student body. They held a number of dances including the Soc Hop, the Kick-Off Dance, the Twirp Dance, and the victory dances. Student Council designed the Homecoming float and organized the Homecoming parade. Also, football contests were held during the game season, and tickets to the Homecoming game and dance were given as prizes. They sponsored the Good Sportsmanship League, the Powderpuff game, and the student faculty basketball game. Some unusual events held were the Gong Show and the Baby Face Contest. The Student Council put up the school Christmas tree, and sponsored the annual Christmas Tea for the faculty. Members attended the State Convention in Fort Worth.

We've Got Spirit

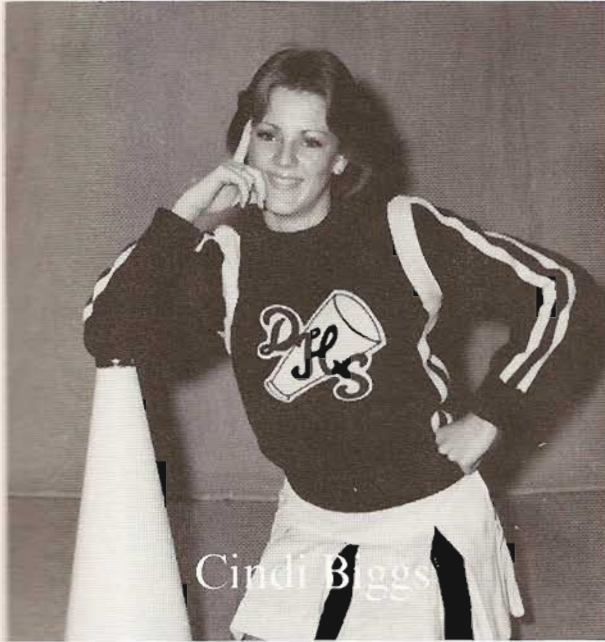

The Varsity Cheerleaders promoted spirit by performing at and organizing all the pep rallies. They even held out-of-school pep rallies and a parade to motivate spirit during the football season. Besides attending the football games, the cheerleaders supported school activities and athletic programs. They painted signs, decorated the school, made spirit chains, and sold spirit ribbons. At the Sam Houston Cheerleading Camp the squad was highly distinguished, receiving five superior ratings, and being voted one of the top eight in the camp, and top ten most spirited.

"At first I didn't think we could last through all the hard work, but LOOKS LIKE WE MADE IT!"

"We've got spirit; yes, we do. We're STATE CHAMPS, how 'bout you?"

"We're winners all the way! Did you know that Cross Country went to state?"

"The volleyball players bumped, passed, spiked, and set their way to an undefeated district championship."

"I don't know why, but when the scoreboard says we're two points behind and somebody on our team puts that ball through that little basket I get excited!"

"Of course our basketball teams are good; they're from Dickinson, aren't they?"

"Yeah, Coach, I know. It's better to go over the hurdles instead of through them, but . . .!"

"Just my luck: I get up to bat when the bases are loaded and we have two outs. Hope I don't strike-out."

"My back-hand? I never even hit the ball over the net until yesterday!"

"I just saw our list of Sports Stars, and you know what? WE REALLY ARE #1!"

Gators sweep state

Players cheering, showers gushing, coaches yelling, and men sitting quietly talking among themselves. This was the scene in the Dickinson locker room after the State Championship game in Austin December 10. All had different ways of coming "down" from the high that sustained them through the long afternoon of football, and anyone of them could relate the entire game play-by-play by heart. The ecstasy of victory shone on weary faces because the Dickinson Gators and all their supportive fans had just beat Brownwood 40-28, and had captured the State 3-AAA Championship in football.
