ickinson is Taking Tradition Onward

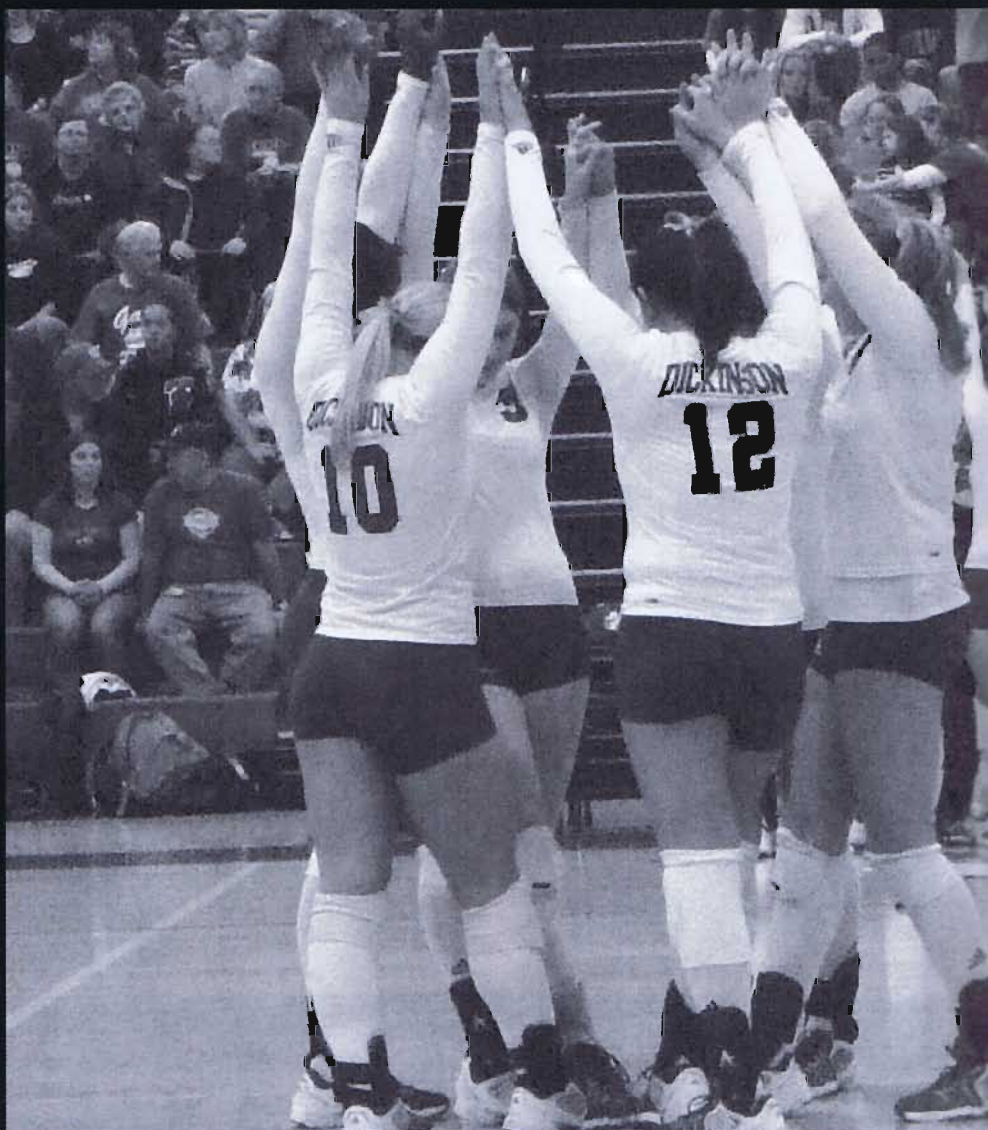

Every year the varsity volleyball team strived to achieve greatness. Their season may not have been perfect but they always do their best. The girls put forth 110% all the time and in the process became a family. They put all there problems aside and came together to be victorious, in the end. The Lady Gators acheved their goal of going to the playoffs.

The JV and Freshman volleyball teams work really hard every year preparing themselves for a future opportunity to participate on the varsity team. One of their main goals is to work their hardest and to improve their skills from the year before. This much more, they accomplished in addition to so much more. They developed a sisterhood which made the team even stronger and a force to deal with in the volleyball circuit.

What did you accomplish this year playing on JV volleyball team?

**"It took
the whole
team"**

Jason Greiger

As the rain falls you can hear a roar that is not the sound of thunder but rather the battle cry of 50 boys dressed in blue. This game, the Friendswood game, will set the tone for the rest of the season. The team quarterback, junior Brody Trahan, suffered a season ending injury the previous game against Bellaire, and now they have to come together stronger than ever. They end up winning the game, which will prove to be important in their efforts to make this season's playoffs, which they accomplished. Throughout the season the Gator boys overcame adversity and beat the odds. They proved to be more than mere football players but became warriors with a heart for the game.

Q How much do you think senior leadership affected the team this year?

A "There Was a lot of leaders to help out, but it wasn't a one man effort. it took the whole team."
